- Birmingham: Design, Project Management & Delivery of a £3 million extension to a live distribution centre at Nexus Point.

Services:

- Building Design - Feasibility, Planning, Building Regulations & Construction Phases
- Structural Engineering
- Space Planning
- Contract Administrator
- Client Representative
- CDM Coordinator/Principal Designer
- Cost Consultancy
- Project Management

Benefit:

- Over £1million savings in 3 years with ACR's Facilities Management bespoke service
- ACR achieved £1.8million savings for the Stoke Project

ACR have a very long established relationship with AAH and have been key to the success of a large number of projects over the years including a design and build warehouse in Stoke. They have also been our FM managing agent for a number of years now and have helped to drive best practice, cost savings and national contracts on a wide range of services, helping us to achieve legal and statutory compliance. They are always professional, have a very customer focused, can do culture and are a source of great knowledge and advice
